

Additional APCM Report 2021

Mission and Outreach

Since October 2020 outreach activities have been dormant. Lockdown restrictions were eased in time for us to welcome guest speakers at our short series of post-Easter Sundays centred on Mission. Tim Wood from *Through the Roof* and *Wheels for the World* gave us an invigorating start; from *Cross Rhythms* Jonathan Bellamy's video message showcased stimulating youth-oriented material; and different again was John Neilson's convincing address on the work of USPG throughout the world. We are grateful to these speakers who gave of their time to keep us informed of and excited by these invaluable charitable activities. The Committee is always open to suggestions of worthwhile new causes for St Martin's and St Stephen's to support.
