Sunday 16th January 2022 – 2nd Sunday of Epiphany

Dear Friends,

Today's gospel is the famous story of Jesus turning water into wine. You can interpret this in many ways, but one obvious one is that God can turn the ordinary into the special. When we are tempted to think *'what can I do? I'm too young/old/poor/afraid/insignificant/etc'* remember this truth – the Holy Spirit can take our ordinariness and turn it into something rich and valuable in the service of the Kingdom of God.

Vacancies in Church life

We will need a new Treasurer and a new churchwarden to join our leadership team from the Annual Meeting in May. These are vital roles in Church life. If you have the skills needed, please speak to me, or the wardens, to find out more about what is required.

The Kingston University 'Big Read'

I have acquired copies of the 2020 book that the university was encouraging all its members to read. The scheme works by everyone reading the book, and then joining a group to discuss it. This is followed by a visit from the author.

The 2020 book was 'Airhead' by Emily Maitlis. It's an account of some of her assignments abroad in recent years.

If you would like a copy, there are some available in Church – just help yourself. I will arrange an opportunity for people to get together to discuss the book, if they wish, at the beginning of Lent.

MISSION FOR THE MONTH

HOME MISSION - Cross Rhythms

Cross Rhythms is a charity which saw that a media voice for the Christian faith was vital to get the Christian response to society's ills back into everyday lives. A programme began in 1983 on Plymouth Sound, a radio station in Devon. "*As media our mandate is to be strong and piercing into situations in our nation and even globally. We believe in collaboration with other organisations whose impact on society is different to our own. As God says he blesses unity and partnership*".

ABROAD MISSION - The Leprosy Mission

Leprosy, thought to be the world's oldest disease, is still common in countries where poverty is rife. It can still lead to isolation and rejection from families and communities, despite being entirely curable. There are ¼ million new cases of leprosy recorded each year. Treatment is vital to prevent disabilities that have devastating effects. The Mission works to defeat Leprosy and transform lives. Please Pray for them and take a look at the Display Board at the back of Church. Thank you.

A LETTER FROM DAVID CANDLIN (our recent Curate)

*“Embrace change and allow the
Holy Spirit to surprise us”*

13th January 2022

Greetings from Bloxwich!

I'm now three months into my new post as Team Rector of Bloxwich Parish. We're in the West Midlands – in the archdeaconry of Wolverhampton in the Diocese of Lichfield.

There are three churches in the parish – All Saints, which sits on the High Street, and two churches serving the housing estates on the edge of Bloxwich – Holy Ascension and St Thomas's. There are some wonderful folk in our congregations, but the pandemic and a lengthy vacancy have taken their toll on the numbers of worshippers and our outreach. Each church has its own character, which I'm getting to know. Each has their own challenges, which are also becoming apparent! Our financial situation is fragile and we have major expenses to meet. At All Saints, our boiler has broken and needs replacing, our clock tower leaks and our church hall is out of action after a pipe burst and flooded the hall.

But there is much to be glad about – people in Bloxwich are proud of their church and many families are inquiring about baptisms and weddings. I have a great bunch of colleagues in the Ministry Team, and we have all sorts of dreams about how our churches can be beacons of God's love in the communities they serve.

We put on a full programme of Christmas services despite Covid, and now we're looking forward to playing our part in the Week of Christian Unity, when we will be joining with our brothers and sisters in the other churches across Bloxwich and neighbouring Blakenall to share in worship and fellowship. “Embrace change and allow the Holy Spirit to surprise us”

Nancy has settled in well – and we have a new puppy – a Staffie called Cooper (he's orange and brown like the marmalade!). We've also discovered that living in the Midlands makes holidays in the Peak District and Wales much easier!

In closing, could I thank you all for your kind words as we departed Epsom, and for all your Christmas cards and gifts – we appreciate that we're still in your thoughts and prayers. And if anyone fancies a mini-break in the West Midlands you'd be very welcome.

David
