THE VICAR WRITES....

Dear Friends,

The thoughts of a relaxing summer are building – and the weather as I write helps! We will simplify our services in August, so that we will just have 9.30 at St Stephen's and 10am at St Martin's on a Sunday and 10am at St Martin's on a Wednesday. Our choir will be taking a break from July 24 – Aug 31st, and we will re-start our usual pattern from 4th September.

‘A climate of increasing concern’

Climate change is an increasingly prominent issue in political and public debates. This talk will summarise the evidence for and projected impacts of climate change, and open a discussion how we as individuals, a Christian community and members of wider society might choose to respond. Refreshments will be served as usual from 6pm.

Ollie studied his undergraduate degree in Geography, specialising in climatology, biogeography, and climate change impacts. His dissertation on the climate of the Western Sahara contributed to a project to better incorporate atmospheric dust into climate models, and he is now a Fellow of the Royal Geographical Society.

Do you have any experience of helping people to write basic CV's and guiding them in places where they can find work? RECYCLING – EMPTY MEDICATION PACKETS

Finally, I have got round to finding out how and where to take medication blister packs (other than Epsom Methodist Church), so please bring your empty packets and put them in the box at the back of church. The box is covered in silver coloured paper with coloured dots on, so should look a bit like a packet of medicine, if you use your imagination! The Council doesn't recycle these, but an organisation called TerraCycle does. Thanks.

Eco Fair – Saturday 24th September

After the positive comments from last year, St Martin's will be hosting another Eco Fair, with Sustainable Epsom and Ewell, on 24th September 2022. More details nearer the time.... And if you have any sustainable initiatives you'd like to present on a stall or through an activity, do get in touch! *Helen Williams*
